The Intelligencer.

The trouble about the use of the term Hades in the revised Testament is that its real meaning is not understood by every one. Many pious, progressive, liberal men and women insist that it teaches the doctrine of an' intermediate state, between death and judgment, where the souls of all the dead, the good, the bad and the mixed are floating around premiscuously, waiting to be 'sorted out at a final judg-ment day in the indefinite future; in ment day in the indefinite future; in other words that no one yet has gone either to Heaven or 'tother place. Now Hades was the heathen term to represent the "future state," where men received rewards or punishment immediately upon passing the river of death. The Greeks, in the luxuriance of their imagination, localized the places of both happiness and suffering, as the Elysian fields, Tartarus, etc., but that souls were immediately, upon their passage of the Siyx and entering the regions of departed spirits, tried by the inexorable judges, who there held continual court, and sent the disembodied spirits to their final GRAY'S SPECIFIC MEDICINE.

Apart from the objection to introducing into the English revision a Greek heathenish, technical term, is the greater objection that the term conveys no idea whatever to ninety-nine hundreths of those who will resd it. The writers of the Gospels used it as others need the there were Gehenns, to express Abuse; as J.oss of Memory, Universal States of Memory, Universal States of Memory, Universal States of Memory and Indian States of Vision, Franciscus Unid. The intermediate state, the Hades locality, may be very nice and learned and all that, but it will not it some of the other very important parts of the Old and New Testaments. If there is a Hades, then Enoch walked into Hades, and Elijah mouoted in a chariot of fire into Hades; and when Christ, in the last hour, said to the thiefat Christ, in the last hour, said to the thief at Christ, in the last hour, said to the thief at his side, "This day thou shall be with me in Paradise," he only meant that they were both going te die and he in Hades that day, and thereby decsived the poor penitent wretch into believing that, on that day, he would be in the realms of the blessed, when he only meant they would join the innummerable caravan of souls who had passed from life before them, and who did not know, and could not know, for an infinite period, what ention given to Collecting Rents and the agement of Real Estate. 1230 Main street, Wheeling, W. Va. their final state would be Hades, as the new lights will have it, there either; for there is no one that has gone there, nor to go there, for a limitless time; until the last human has flitted into the confines of Hades to meet there the soul of Adam, and tegether, for the first time, to have their eternal deatiny fixed. God never made any place in the universe that there was not use for when He made it. Such a state of things may be possible, but one work of all surphers that the the

The following statement of William J. Coughlin, of Somerville, Mass., is so remarkable that we beg to ask for the attention of our readers. He says: "In the fall of 1876 I was taken with a violent bleeding of the lungs, followed by a severe cough. I soon began to loose my appetite and fiesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a half dollar, I expended over a hundred dollars in doctors and medicines. I was so far gone at one time a report went around that I was dead. I gave up hope, but a friend told me of Dr. William my friends, thinking that my case tem, whe

able, but I got a bottle to satisfy them, when to my surprise and gratification I commenced to feel better. My hope, once dead, began to revive, and to-day I feel in better spirits than I have for the past three years.

"I write this hoping you will publish it, so that every one inflicted with Diseased Lougs will be induced to take Dr. Wm. Hall's Balsam for the Lungs, and be convinced that Consumption can be cured. I have taken two bottles, and can positively say that it has done more good than all the other medicines I have taken since my sickness. My cough has almost entirely disappeared and I shall soon be able to go to work." Bold by druggists.

Itching Piles

Is one of the most annoying diseases in the world, and yet all can find sure relief by the use of Ds. Swayrs's Otst-wars. It has been tested in thousands of instances and invariably makes a sure cure. The symptoms are moisture, like perspirations, intense itching, increased by scratching, very distressing, particularly at night, as if pin worms were crawling in and about the rectum; the private parts are sometimes effected. Reader, if you are suffering from this distressing complaint, or tetter, itch, scald head, ringworm, barber's itch, any crusty, scaly skin erupiona, use Dr. Swayne's Olntment and be cured.

L. Taylor, Hinsdale, N. H. writes: "For intry years I have been greatly troubled rith Itching Piles; have consulted many emedies, which proved to me no remedies at thomas' drug store in Brattleboro, Vt. hich cured me completely. Swayne's limitment's sold by all druggiets.
